

## Steps for using ODF Plus Baseline Survey App

(Last Updated on: 12<sup>th</sup> June 2020)

1. Go to <https://sbm.gov.in/ODFPlus/> and click “Download ODF Plus App” link.
2. The download automatically begins in the browser. The user can find the “ODF Plus App.apk” file in the Downloads folder.
3. When the user has downloaded the app on computer, it is necessary to transfer the app to the phone storage.
4. Make sure that the Allow installation from unknown sources has been enabled (Switched ON).
5. Install the downloaded .apk file.
6. Enable GPS in your mobile phone.
7. Open the application on your mobile phone.
8. For first time users, it is mandatory to go through the Registration process.
9. After the registration process, the user needs to wait for the Approval from the District authority.
10. Once approved, the user is allocated with the concerned ODF declared and verified villages.
11. Now, user can login to the app.
12. The user can be allotted with various roles: District level, Village Level and Progress monitoring.
13. The user at the District level can enter details for FSM, GOBARDHAN Plant and Plastic Waste Management.
14. The user at the Village level can enter detail for Village Basic Information and Hamlet information.
15. The user at the Village level can also enter information for the Each household details.
16. The Village level user can also enter the data and upload the geotagged images for each category; Solid Waste Management, Grey Water Management and Community Sanitary Complexes.
17. The existing users can upload the photos for each category present in IEC Messages (4+1) and CSC’s Geotag Images.
18. The user can then logout from the application.
